DESCRIPTION OF PROPOSED WORKS

Well, pump and irrigation ditches. State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If wa is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions. \$10,000 5. Estimated cost of works_ 5 yrs. Estimated time required to construct works____ 6. This application made to transfer Application 14740 7. Remarks___ For use of applicant (which has not been developed) to the location where Application No. 14820 in the name of Wilma D. McClintick was cancelled Ralph A. McClintick $oldsymbol{_}$, Applicant. By /s/ Richard M. Black
Agent for Applicant conver Nu. 4619-1, 2/30/57/or 2.33/ord Compared_ Recorded Jan 8 1958 6 13 Page This sheet inspected_ Herribolit Couris Records. Engineer. APPROVAL _of state engineer This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source and is limited to what the well will produce but not to exceed 3.5 c.f.s. It is understood that this right must allow for a reasonable lowering of the static water level at permittees well due to other ground water development in the area. A substantial weir or other type of measuring device must be installed and measurements of water use kept, and a method provided, either air line or opening, for measuring depth to water. The State retains the right to regulate the use of the water herein granted at any and all times. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 3.5 cubic feet per second, and not to exceed a yearly duty of 4 acre-feet per acre of land irrigated. Actual construction work shall begin on or before July 5, 1955 Proof of commencement of work shall be filed before August 5, 1955 Work must be prosecuted with reasonable diligence and be completed on or before July 5, 1956 Proof of completion of work shall be filed before August 5, 1956 Application of water to beneficial use shall be made on or before_ use must be filed with State Engineer on or before August 5, 1958 AUG 13 1954 roof of commencement of work filed JUN , 8 1995 WITNESS MY HAND AND SEAL this 5th roof of Completion of work filed 1957 8 1958
